Petitions for Special Hearing and Variance
Petitioner: Brian V. Bielawski, et ux.

Dear Mr. and Mrs. Bielawski:

The Zoning Plans Advisory Committee (ZAC) has reviewed the plans submitted with the above-referenced petition, which was accepted for filing on June 30, 1994 and scheduled for a hearing accordingly. Any attached comments from a reviewing agency are not intended to indicate the appropriateness of the zoning action requested, but to assure that all parties, i.e., zoning commissioner, attorney and/or the petitioner, are made aware of plans or problems with regard to the proposed improvements that may have a bearing on this case.

Any comments submitted thus far from the members of ZAC that offer or request information on your petition are attached. Only those comments that are informative will be forwarded to you; those that are not informative will be placed in the hearing file.

The following comments are related only to the filing of future zoning petitions and are aimed at expediting the petition filing process with this office.

1. The Director of Zoning Administration and Development Management has instituted a system whereby seasoned zoning attorneys who feel that they are capable of filing petitions that comply with all aspects of the zoning regulations and petitions filing requirements can file their petitions with this office without the necessity of a preliminary review by zoning personnel.

2. Anyone using this system should be fully aware that they are responsible for the accuracy and completeness of any such petition. All petitions filed in this manner will be reviewed and commented on by zoning personnel prior to the hearing. In the event that the petitioner has not been filed correctly, there is always a possibility that another hearing will be required or the zoning commissioner will deny the petition due to errors or incompleteness.
3. Attorneys, engineers and applicants who make appointments to file petitions on a regular basis and fail to keep the appointment without a 72-hour notice will be required to submit the appropriate filing fee at the time future appointments are made. Failure to keep these appointments without proper advance notice, i.e. 72 hours, will result in the forfeiture loss of the filing fee.

FINDINGS OF FACT AND CONCLUSIONS OF LAW

This matter comes before the Zoning Commissioner on Petitions for Special Hearing and Zoning Variance for the property located at 3013 Wells Road in the Battle Park Subdivision of Baltimore County. Special Hearing relief is requested to approve a second dwelling on the subject lot as a nonconforming use. As to the Petition for Variance, relief is requested from Sections 1802.3.C.1 and 301 of the Baltimore County Zoning Regulations (BCZR) to permit a side yard setback of 2 ft., in lieu of the required 10 ft. and 7-1/2 ft., respectively, for a proposed deck and existing pool, and for a setback of 0 ft., in lieu of the required 7-1/2 ft. for a proposed carport. The subject property and relief requested are all more particularly shown on the plat to accompany the Petitions for Special Hearing and Variances marked as Petitioners' Exhibit No. 1.

Appearing at the public hearing held for this case were the property owners, Brian V. Bielawski and Vicky L. Bielawski, his wife. Also present was Marie Bielawski and Kip Humphrey, a home improvement contractor who has been retained to make certain improvements to the property. A review of the plat shows that the subject property is .217 acres in area (9,450 sq. ft.) and is zoned D.R.5.5. As noted above, the property is located in the Battle Park subdivision, a community of single family homes in the eastern end of Baltimore County near North Point Road. Presently, the property is improved with a two story framed dwelling. Also on the site is an existing

above ground pool and a two story block and framed structure to the extreme rear of the property. The lot is a narrow, yet deep, lot which is 45 ft. in width. The property fronts on Wells Road and extends to a depth of approximately 210 ft.

As to the special hearing relief, the Petitioners request the designation of a second dwelling on the property as a legal nonconforming use. In this respect, testimony and evidence was offered that a two story block and frame structure is located in the extreme rear of the lot. This structure is approximately 19-1/2 ft. wide and 28 ft. deep. It is a two story building, the first floor of which contains a 2 car garage. There are a set of exterior steps leading to the second story which contains a one bedroom apartment. The Petitioners testified that they have rented this apartment since their acquisition of the property in 1988. Previously, the property was owned by Mr. Bielawski's mother, Marie Bielawski, who was also present at the hearing. The senior Bielawskis owned the property since 1953 and corroborated that the apartment has been used continuously since that time. Moreover, a written statement was submitted from James Chachulski. That statement indicates that Mr. Chachulski resided in the property during the 1940s and early 1950s and that the apartment use was present during that time. Specifically, he stated that the structure was built in 1942 and has remained an apartment unit since its construction. Moreover, the apartment unit is described as containing one bedroom, a small kitchen area, a living room, a dining room area and a bathroom.

A nonconforming use is defined in Section 101 of the BCZR and governed by the provisions of Section 104 of the BCZR. A nonconforming designation can be used to grandfather an otherwise illegal use. Essentially, the Petitioner must adduce testimony and evidence that the use existed prior to

-2-

the adoption of the zoning regulations which presently prohibits such a use. Moreover, a nonconforming use must exist continuously and uninterruptedly since prior to the adoption of the prohibiting legislation. Moreover, the use cannot be altered or materially changed.

In Baltimore County, the first set of zoning regulations were adopted in 1945. Thus, the Petitioners must adduce testimony and evidence that the subject second dwelling has existed prior to that date. In this respect, the testimony was uncontradicted and persuasive. Sworn testimony offered by Marie Bielawski was that the dwelling has been in existence and utilized since her family's ownership of the property in 1953. Moreover, the written testimony offered from Mr. Chachulski was also persuasive. Based on these statements, I am persuaded that the Petitioner has met its burden and will, therefore, approve the nonconforming use.

As to the zoning variances, it is to be noted that the property is presently improved with an above ground pool located immediately behind the two story framed dwelling. As shown on the site plan and the construction drawings, the Petitioners propose to construct a large deck which will connect the pool to the rear of the house. Moreover, a small spa area for a hot tub is shown. Due to these improvements, the requested variances from the side yard setbacks are necessary. Moreover, the Petitioner proposes constructing a carport to the side of the dwelling. Testimony was offered that this carport is necessary to provide a sheltered area for the Petitioners' automobiles. Presently, vehicles cannot be placed in the garage/apartment structure to the rear in that same is utilized for storage purposes. Apparently, the house is quite small and storage space is limited.

-3-

It is to be noted that the Petitions for Variance and Special Hearing were advertised and posted in accordance with the County Code. There were no Protestants who appeared, despite this notice. Moreover, correspondence was received from the immediate next door neighbors at 3015 Wells Avenue, namely, Constance and Kenneth Sellers. Their letter endorses the Petitions for Variance and Special Hearing and notes that the Petitioners construction, as proposed, will afford greater privacy between these residences. That is, as part of the plan, a fence is proposed around the deck/pool/spa area. Apparently, the neighbors believe this is appropriate in view of the close proximity of the houses.

Based upon the testimony and evidence presented, all of which was uncontradicted, I am persuaded to approve the Petition for Variance. I have some concern that construction, as shown, might overwhelm this rather narrow lot. However, it is to be observed that there is a vacant lot on the east side of the Petitioners' property where the carport will be constructed. As the Petitioners noted, this lot is presently used for parking for a nearby church and, thus, there will be no detriment by the construction of the carport near this property. On the other side of the house (west) the Petitioners have the endorsement of the immediate neighbors. As noted above, these neighbors believe that the Petitioners' construction will promote privacy between these two lots. Thus, for these reasons, I believe that the Petitioners have provided appropriate evidence that the surrounding locale will not be detrimentally affected and that relief can be granted within the spirit and intent of the BCZR.

As to the practical difficulty test, the narrowness of the lot provides a site constraint which justifies same. The width of the lot is of such minimal dimension that construction of the deck is impossible without

-4-

variance relief. Moreover, the carport cannot be located either to the front or rear of the property. Thus, I shall grant the variances requested and will so order.

Pursuant to the advertisement, posting of the property, and public hearing on these Petitions held, and for the reasons given above, the relief requested should be granted.

THEREFORE, IT IS ORDERED by the Zoning Commissioner of Baltimore County this 17th day of August 1994, that, pursuant to the Petition for Special Hearing, approval for a second dwelling on the subject lot as a nonconforming use be and is hereby GRANTED; and,

IT IS FURTHER ORDERED that a variance from Sections 1802.3.C.1 and 301 of the Baltimore County Zoning Regulations (BCZR) to permit a side yard setback of 2 ft., in lieu of the required 10 ft. and 7-1/2 ft., respectively, for a proposed deck and existing pool; and for a setback of 0 ft., in lieu of the required 7-1/2 ft. for a proposed carport, be and is hereby GRANTED, subject, however, to the following restriction which are conditions precedent to the relief granted herein:

1. The Petitioners may apply for their building permit and be granted same upon receipt of this Order; however, Petitioners are hereby made aware that proceeding at this time is at their own risk until such time as the 30 day appellate process from this Order has expired. If, for whatever reason, this Order is reversed, the Petitioners would be required to return, and be responsible for returning, said property to its original condition.

Petitioner: Brian V. Bielawski, et ux.

Dear Mr. and Mrs. Bielawski:

The Zoning Plans Advisory Committee (ZAC) has reviewed the plans submitted with the above-referenced petition, which was accepted for filing on June 30, 1994 and scheduled for a hearing accordingly. Any attached comments from a reviewing agency are not intended to indicate the appropriateness of the zoning action requested, but to assure that all parties, i.e., zoning commissioner, attorney and/or the petitioner, are made aware of plans or problems with regard to the proposed improvements that may have a bearing on this case.

Any comments submitted thus far from the members of ZAC that offer or request information on your petition are attached. Only those comments that are informative will be forwarded to you; those that are not informative will be placed in the hearing file.

The following comments are related only to the filing of future zoning petitions and are aimed at expediting the petition filing process with this office.

1. The Director of Zoning Administration and Development Management has instituted a system whereby seasoned zoning attorneys who feel that they are capable of filing petitions that comply with all aspects of the zoning regulations and petitions filing requirements can file their petitions with this office without the necessity of a preliminary review by zoning personnel.

FINDINGS OF FACT AND CONCLUSIONS OF LAW

This matter comes before the Zoning Commissioner on Petitions for Special Hearing and Zoning Variance for the property located at 3013 Wells Road in the Battle Park Subdivision of Baltimore County. Special Hearing relief is requested to approve a second dwelling on the subject lot as a nonconforming use. As to the Petition for Variance, relief is requested from Sections 1802.3.C.1 and 301 of the Baltimore County Zoning Regulations (BCZR) to permit a side yard setback of 2 ft., in lieu of the required 10 ft. and 7-1/2 ft., respectively, for a proposed deck and existing pool, and for a setback of 0 ft., in lieu of the required 7-1/2 ft. for a proposed carport. The subject property and relief requested are all more particularly shown on the plat to accompany the Petitions for Special Hearing and Variances marked as Petitioners' Exhibit No. 1.

Appearing at the public hearing held for this case were the property owners, Brian V. Bielawski and Vicky L. Bielawski, his wife. Also present was Marie Bielawski and Kip Humphrey, a home improvement contractor who has been retained to make certain improvements to the property. A review of the plat shows that the subject property is .217 acres in area (9,450 sq. ft.) and is zoned D.R.5.5. As noted above, the property is located in the Battle Park subdivision, a community of single family homes in the eastern end of Baltimore County near North Point Road. Presently, the property is improved with a two story framed dwelling. Also on the site is an existing

above ground pool and a two story block and framed structure to the extreme rear of the property. The lot is a narrow, yet deep, lot which is 45 ft. in width. The property fronts on Wells Road and extends to a depth of approximately 210 ft.

As to the special hearing relief, the Petitioners request the designation of a second dwelling on the property as a legal nonconforming use. In this respect, testimony and evidence was offered that a two story block and frame structure is located in the extreme rear of the lot. This structure is approximately 19-1/2 ft. wide and 28 ft. deep. It is a two story building, the first floor of which contains a 2 car garage. There are a set of exterior steps leading to the second story which contains a one bedroom apartment. The Petitioners testified that they have rented this apartment since their acquisition of the property in 1988. Previously, the property was owned by Mr. Bielawski's mother, Marie Bielawski, who was also present at the hearing. The senior Bielawskis owned the property since 1953 and corroborated that the apartment has been used continuously since that time. Moreover, a written statement was submitted from James Chachulski. That statement indicates that Mr. Chachulski resided in the property during the 1940s and early 1950s and that the apartment use was present during that time. Specifically, he stated that the structure was built in 1942 and has remained an apartment unit since its construction. Moreover, the apartment unit is described as containing one bedroom, a small kitchen area, a living room, a dining room area and a bathroom.

A nonconforming use is defined in Section 101 of the BCZR and governed by the provisions of Section 104 of the BCZR. A nonconforming designation can be used to grandfather an otherwise illegal use. Essentially, the Petitioner must adduce testimony and evidence that the use existed prior to

-2-

the adoption of the zoning regulations which presently prohibits such a use. Moreover, a nonconforming use must exist continuously and uninterruptedly since prior to the adoption of the prohibiting legislation. Moreover, the use cannot be altered or materially changed.

In Baltimore County, the first set of zoning regulations were adopted in 1945. Thus, the Petitioners must adduce testimony and evidence that the subject second dwelling has existed prior to that date. In this respect, the testimony was uncontradicted and persuasive. Sworn testimony offered by Marie Bielawski was that the dwelling has been in existence and utilized since her family's ownership of the property in 1953. Moreover, the written testimony offered from Mr. Chachulski was also persuasive. Based on these statements, I am persuaded that the Petitioner has met its burden and will, therefore, approve the nonconforming use.

As to the zoning variances, it is to be noted that the property is presently improved with an above ground pool located immediately behind the two story framed dwelling. As shown on the site plan and the construction drawings, the Petitioners propose to construct a large deck which will connect the pool to the rear of the house. Moreover, a small spa area for a hot tub is shown. Due to these improvements, the requested variances from the side yard setbacks are necessary. Moreover, the Petitioner proposes constructing a carport to the side of the dwelling. Testimony was offered that this carport is necessary to provide a sheltered area for the Petitioners' automobiles. Presently, vehicles cannot be placed in the garage/apartment structure to the rear in that same is utilized for storage purposes. Apparently, the house is quite small and storage space is limited.

-3-

It is to be noted that the Petitions for Variance and Special Hearing were advertised and posted in accordance with the County Code. There were no Protestants who appeared, despite this notice. Moreover, correspondence was received from the immediate next door neighbors at 3015 Wells Avenue, namely, Constance and Kenneth Sellers. Their letter endorses the Petitions for Variance and Special Hearing and notes that the Petitioners construction, as proposed, will afford greater privacy between these residences. That is, as part of the plan, a fence is proposed around the deck/pool/spa area. Apparently, the neighbors believe this is appropriate in view of the close proximity of the houses.

Based upon the testimony and evidence presented, all of which was uncontradicted, I am persuaded to approve the Petition for Variance. I have some concern that construction, as shown, might overwhelm this rather narrow lot. However, it is to be observed that there is a vacant lot on the east side of the Petitioners' property where the carport will be constructed. As the Petitioners noted, this lot is presently used for parking for a nearby church and, thus, there will be no detriment by the construction of the carport near this property. On the other side of the house (west) the Petitioners have the endorsement of the immediate neighbors. As noted above, these neighbors believe that the Petitioners' construction will promote privacy between these two lots. Thus, for these reasons, I believe that the Petitioners have provided appropriate evidence that the surrounding locale will not be detrimentally affected and that relief can be granted within the spirit and intent of the BCZR.

As to the practical difficulty test, the narrowness of the lot provides a site constraint which justifies same. The width of the lot is of such minimal dimension that construction of the deck is impossible without

-4-

variance relief. Moreover, the carport cannot be located either to the front or rear of the property. Thus, I shall grant the variances requested and will so order.

Pursuant to the advertisement, posting of the property, and public hearing on these Petitions held, and for the reasons given above, the relief requested should be granted.

THEREFORE, IT IS ORDERED by the Zoning Commissioner of Baltimore County this 17th day of August 1994, that, pursuant to the Petition for Special Hearing, approval for a second dwelling on the subject lot as a nonconforming use be and is hereby GRANTED; and,

IT IS FURTHER ORDERED that a variance from Sections 1802.3.C.1 and 301 of the Baltimore County Zoning Regulations (BCZR) to permit a side yard setback of 2 ft., in lieu of the required 10 ft. and 7-1/2 ft., respectively, for a proposed deck and existing pool; and for a setback of 0 ft., in lieu of the required 7-1/2 ft. for a proposed carport, be and is hereby GRANTED, subject, however, to the following restriction which are conditions precedent to the relief granted herein:

1. The Petitioners may apply for their building permit and be granted same upon receipt of this Order; however, Petitioners are hereby made aware that proceeding at this time is at their own risk until such time as the 30 day appellate process from this Order has expired. If, for whatever reason, this Order is reversed, the Petitioners would be required to return, and be responsible for returning, said property to its original condition.
